Pompano Beach Retreat for Court Interpreters of All Languages

Our training philosophy:

- We guide you through self-assessment exercises that assist you in pinpointing your under-developed interpretation skills and in elaborating your own P₃ (Professional Progress Path).
- We cap enrollment in order to coach you in advancing toward attainable progress mile posts and tracking your development.
- We immerse you in high-energy activities that will increase and polish your interpretation skills.
- Due to the vibrant dynamics of our daily training sessions, we recognize that you will need to unwind and recharge. Retreat from the training room, and the world, to a hotel that caters to your recreational and relaxation needs so that you can return to the training room and the world of work refreshed and revitalized.

Whether you participate for continuing education credit or preparation for the next step in your interpretation career, in this course you will identify and refine your skills in a reassuring training atmosphere. Upon receiving your registration, we will solicit pre-approved CEUs from your state or association. Continuing education credit approval is pending for California, Florida, Oregon, Pennsylvania, Texas, and Washington State.
